About Us

Based in the vibrant city of Istanbul, Turkey, Safakoy is a leading player in the import and export industry, with a primary focus on medical equipment and supplies. However, we are not limited to this sector alone, mother and baby supplies, medical furniture, and a diverse range of other goods.

Through strategic partnerships and agreements with reputable companies in China, we have established ourselves as a reliable source for high-quality products across multiple industries. While our main focus remains on medical equipment and supplies, our diversified portfolio allows us to cater to a wide range of client needs.

At Sefakoy, we are committed to meeting the diverse needs of our clients across North Africa and the Middle East. Leveraging our extensive network and expertise in international trade, we facilitate the seamless export of goods and supplies to hospitals, clinics, and individuals throughout the region.

Our dedicated team works tirelessly to ensure the smooth operation of every transaction, regardless of the industry or product category. We prioritize customer satisfaction and strive to exceed expectations through professionalism, integrity, and innovation in all aspects of our business.

Whether you are in need of medical equipment, mother and baby supplies, medical furniture, or any other goods, Safakoy is your trusted partner for all your import and export needs. Join us as we continue to shape the future of trade and commerce in the region and beyond.

Our Vision

OUR AIM is to protect people's health and take part in saving human lives. We understand the profound needs of the health system, including those of health professionals and patients, therefore we aspire to become, through excellence and creativity, manufacturers of high quality, reliable and innovative medical devices. We promote the individual as the most important source of intelligence and talent, and we also value team spirit, which we understand in accordance with the idea of being creative and competitive in the field of innovative product design.

Our Mission

Our mission is to manufacture & supply the most technologically advanced with acknowledged reliability, outstanding quality and with support by excellent services.
